Air conditioning control panel
Diesel engine
Blower output stage
Electric auxiliary heater, front
Heater flap motor
Fresh air/recirculated air flap motor
Mixed flap motor
Mixed air flap motor, right
Mixed air flap motor, left
PHEV/BEV
Electric auxiliary heater
Electric A/C compressor
BEV
Electric A/C compressor
Refrigerant pressure value of heat pump
Low pressure refrigerant pressure/temperature sensor
High pressure refrigerant pressure/temperature sensor
Diesel engine motor
Coolant pump 2
Coolant pump 3
Coolant changeover valve
Driver's seat heating electronics
Front passenger seat heating electronics
Light operating unit
Intelligent battery sensor
Steering column switch cluster
Steering wheel module
Multifunction steering wheel keys
Oil power distribution box
Rain/light-color condensation sensor
Evaluation electronics, contact-free tailgate opening
Electrochromic interior mirror
Interior light, front
Interior light, rear
without panoramic glass sunroof
Interior light, rear left
Interior light, rear right
with panoramic glass sunroof
Door control unit, driver's door
Driver's door switch block
Remote control receiver at the front left
Remote control receiver at the front right
Remote control receiver at the rear left
Remote control receiver at the rear right
Basic central platform (BCP)
Left hand drive
Right hand drive
Front passenger decorative strip lighting
Display cluster lighting
Exterior strip lighting on driv-er's side
Inside door handle light, front passenger door
Exterior line lighting, front pas-senger's door
