

A78

This technical diagram illustrates the engine compartment of a vehicle, specifically focusing on the fuse box area. A label 'A78' is enclosed in a rectangular box, with a black arrow pointing from it to a specific fuse within the fuse block. Another arrow points from a label 'A78*1B' to the same fuse. The diagram shows various engine components, including the alternator, battery, and other electrical wiring, providing context for the fuse's location.

A78*1B

EO007197190000

The legend shows a rectangular box containing a fuse symbol, which consists of a horizontal rectangle with a small circle in the center. This symbol is used to represent the fuse being discussed in the diagram.
